A MESSAGE...

FROM OUR PAST PRESIDENT

Incoming Class of LA5 Leaders are Preparing for a Productive Future

Rick Gibson

President, Rotary Club of Los Angeles 2019-20

Rotary is a community of problem solvers who gather to imagine a better world and take action to make the dream a reality.

Our incoming class of leaders is especially good at activating dreams to solve problems. First, they see the problem or opportunity. Viewing it from the inside-out as well as the outside-in, they work hard to see the key issue and state the objective clearly.

Next, they daydream a little. They Imagine solving the problem in a perfect world. What would be the ideal outcome if the dream became real? Soon, they come back to earth and tame the plan. Setting ambitious, but reasonable goals, they consider the elements that need to be subtracted, added or multiplied to achieve success.

They then turn to the members of the Club, knowing that a plan is only workable if the membership understands it, embraces it, and works it. They know that members with particular skills are needed to reach the goal. I see them trying to boldly lead the Club without getting too far ahead. It is tricky, but they are smart and empathetic leaders, capable of bringing the strength of our club to bear as we address difficult challenges, solve problems in our community, and realize the dream of a better Los Angeles.

As we prepare to turn the calendar on another Rotary year, I am grateful for the strength of President Matt Ball and the current leadership team as they guide us through uncharted waters. Likewise, I am confident that we are headed toward a productive future because of the incoming leadership team, made up of bright, creative, and compassionate Rotarians.

BRAG TO US ABOUT WHAT YOU DID THIS YEAR!

I This year I joined a non-profit organization that is very political and social justice driven. I was the finance chair of it so I defiantly had new experiences that madam grow as a person. I was able to learn so much from my peers and teach them of what I knew as well. It was a great experience and I'm excited to continue working with them this upcoming year.
